Add. Clients Connections	Up to 10 total	Up to 50 total	Unlimited
Online Slots per Server Lic	60	350	Unlimited

NetVault vs. Comp: Key Messages

“Backup Made Easy”: Single CD w/ simple, intuitive manuals

- › Installs in 10 minutes, 20 minute SAN
- › Auto device discovery and configuration
- › Simple GUI Management and Reporting Tools
- › Quick and painless installs result in more revenue, greater customer satisfaction with increased efficiency

Best Value/Lowest TCO:

- › Single Core CD Spans WG - Enterprise
- › Reduced Implementation costs >30%
 - › No extensive services needed
- › “On-Demand” Scalability – No downtime or re-boots

First with Sun:

- › NV Eval CD bundled w/ L24/L48 Libraries, Thumper, STK2500
- › Ties into Sun’s Storage Virtualization Messaging: Built-in VDL Capability for D2D2T: No Appliance Required!
- › NCR Teradata Partnership powers over 50% of Fortune 500

NetVault: Backup Made Easy!

- Single Core Product- Spans Workgroup to Enterprise
- Installs in 10 minutes - single CD (not 19 like others)
- Automatically finds and configures all of your backup devices
- Enterprise-quality virtual tape disk-library (VTL) support, policy-based management coupled with advanced media management
- Backup all major applications and platforms
- Allows customers to manage business NOT backup applications
- 'Fastest growing data recovery solution provider' *per IDC

Presales Support

- Unterstützung bei den ersten Projekten
- gerne auch Vor-Ort – inkl. Proof of Concept
- Know-How Transfer durch Workshop oder
- Schulung
